Learning Expectations for Success

If you wish to exceed your own expectations in learning, the following non-negotiable rules of engagement apply:

1. Display a **positive attitude** and **strong work ethic** in every lesson.
2. Come fully prepared to learn and **take risks with your learning**.
3. **READ, READ, READ** – in class and beyond.
4. Work **collaboratively** with your peers and your teacher.
5. Develop a **habit of drafting, editing, refining** final versions of your work.
6. Complete all classwork and homework to a **high standard**.
7. **Reflect** on your progress and assess your work.
8. Show how you **incorporate feedback** into your work.
9. Use '**Checklist for Success**' table when you self-assess.
10. Understand that **ALL your work will contribute to your learning** and school reports. Every component counts – your class notes will be checked; your evidence of learning will be checked; your attitude and behaviours will be noted. See the pie chart below:

This booklet provides you with the GUIDELINES and PROCESSES to be a successful student at Bulli High School.

It also outlines Bulli High School's and the NSW Department of Education, and NSW Education Standards Authority (NESA) policies to ensure equity for all students undertaking their education at Bulli High School.

**Use this booklet as a guide.
Meeting all requirements and expectations

YOUR RESPONSIBILITY

Your teachers are here to help...

Key Points to Remember:

- You must **hand in the task ON OR BEFORE THE DUE DATE** to avoid a penalty. You should submit all tasks at the beginning of the due date, due period or time, as per scheduled on your Assessment Notification.
- Submitted tasks must be **A SERIOUS ATTEMPT** and be a reasonable standard according to your stage and ability.
- All submitted tasks must be **YOUR OWN WORK.**
- If you are **unexpectedly sick or away on the day of a task** **YOU STILL HAVE TO HAND IN YOUR TASK or attempt it on the next available day.**
- If you know you are going to be away because of a school event or another reason – **TALK TO YOUR TEACHER before you go – you may hand in your task before the due date.**
- Reading the **correct due date and time/period** for tasks is **YOUR RESPONSIBILITY.**
- **TECHNOLOGY MALFUNCTION** is NOT A VALID REASON to hand work in late. Read the notes on Policy on **'Technology Use for Assessment Tasks' on Page 15**

INTRODUCTION

The purpose of this handbook is to inform students and their parents of the Schedule of Assessments for each subject in Year 8. The Assessment Schedule is a formal set of procedures, which is supervised by the respective Head of Faculty. Bulli High School's Assessment Schedule is designed to measure the achievement of all students undertaking a course in a consistent and comparable manner. Students will be asked to undertake many other tasks which do not form part of the Assessment Schedule, e.g. homework, class work, etc. Students will be assessed on all work attempted in class as well as in formal tasks as part of their final assessment and reporting for each stage in learning.

A careful examination of the Schedule of Assessments for each subject allows students to plan their time to ensure that work is not left to the last minute. Successful planning is an important key to students achieving their highest potential. Students are encouraged to write the dates into the school diary or a yearly planner or calendar (as provided in Appendixes B and C on the last two pages of this booklet).

Students are allocated a **grade** based on their demonstration of skills and achievement of outcomes.

All students and their parents are recommended to read through the handbook thoroughly.

Students are expected to be aware of assessment procedures and rules and follow them.

Reporting of student progress is also addressed in the handbook with the dates set out for completion for the whole year.

If you have any further questions or require clarification on the Assessment Policy or Guides, please do not hesitate to contact the **Head Teacher Secondary Studies**.

ASSESSMENT AND REPORTING GUIDE

Preamble

The central purpose of assessment is to provide information on student achievement and progress and to set the direction for ongoing teaching and learning.

What is an 'Assessment'?

Assessment of student learning in an outcomes-focused approach centres on describing student performance in relation to stated learning outcomes for each subject area. Provision of appropriate learning programs for all Bulli High School students is our core business. We are committed to implementing the most appropriate teaching, learning and assessment strategies that can be applied to address the stated outcomes.

What is the Purpose of an Assessment?

Assessment provides information for participants in the teaching and learning process to compare what is known and can be demonstrated against standards.

Assessment takes many forms in the classrooms:

- ☐ Formal and informal observation and discussion with students
- ☐ Formal assessment tasks
- ☐ Formative monitoring and adjustment of teaching
- ☐ Summative assessment at key stages
- ☐ Comparing evidence of achievement with other students
- ☐ Comparing evidence of achievement against syllabus standards.

Assessment provides vital information at the point of planning, along the way and at the end of a cycle in preparation for the next teaching and learning cycle.

What is the K - 10 Curriculum Framework?

The K-10 Curriculum Framework establishes parameters for the NSW Education Standards Authority curriculum for the compulsory years of schooling. The framework draws on an understanding of effective pedagogy that emphasizes outcomes and standards. The syllabuses clearly articulate standards that show what students are expected to know and be able to do at each stage from Year 7 to Year 9. This provides the context for realistic assessment and meaningful reporting of student achievement.

What is the Standards Framework?

Standards-referenced assessment refers to the process of collecting and interpreting information about students' learning. It uses syllabus outcomes as key reference points for decisions about students' progress and achievement.

Standards-referenced assessment:	Standards describe:
<ul style="list-style-type: none"> □ Links the achievement of students to specified standards, through evidence collected from a number and variety of activities and from observations overtime □ Involves teachers gathering evidence of student achievement formally and informally, to make judgements and to facilitate and monitor students' progress using syllabus outcomes. 	<ul style="list-style-type: none"> □ What students are expected to know, understand and do at each stage, described in NSW syllabuses through outcomes, content and stage statements □ How well students have achieved.

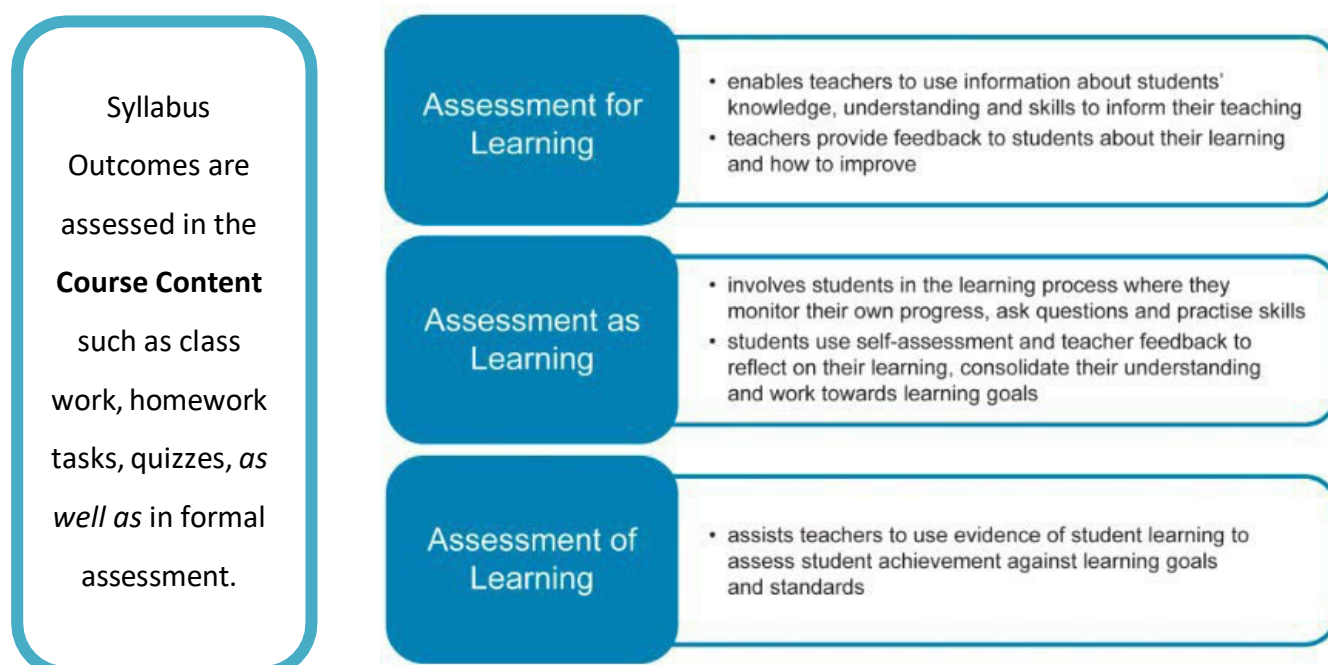

What is an Outcomes-Focused Approach to Teaching and Learning and Assessment?

Syllabus outcomes:

- indicate the knowledge, understanding and skills expected to be acquired by most students by the end of a stage
- are derived from the syllabus objectives
- present a sequence of learning for each stage and take into account prior and subsequent learning of students.

Syllabus outcomes are used by teachers to:

- plan and develop learning and assessment opportunities
- monitor student progress throughout each stage
- assess and measure student achievement against intended learning at each stage
- report student progress and achievement during and at the end of a stage.

ASSESSMENT POLICIES

Year 7 Assessment Schedules

Each subject has an assessment schedule for the year.

The schedule is a guide to enable students and teachers to plan their time in an efficient and effective manner. The assessment schedule is not fixed, as there are many reasons for a change to occur. If tasks are to change, students will be notified.

Notification

This booklet serves as a **preliminary notification of all assessment tasks**. Assessment Task notifications will be issued in writing, at least two weeks before the due date.

Penalties for Late Submissions

Students are required to **submit their assessment task on or before the due date**.

STAGE 4: Years 7 and 8

The penalty for late submission is:

- ☐ A reduction of 10% per day overdue to a maximum of 3 days
- ☐ A mark of zero for tasks submitted 4 or more days late.
- ☐ A notification to parents/carers of an Academic Concern for the Task.
- ☐ The student will be required to re-submit the task to a 'satisfactory standard to RESOLVE the academic concern notification.

The consequences of failing to submit a task or a Non-diligent attempt' of a task is:

- ☐ A mark of zero.
- ☐ A notification to parents/carers of an Academic Concern for the student.
- ☐ The student will be required to re-submit the task to a 'satisfactory standard to RESOLVE the academic concern notification.

The consequence for 'continued academic concern; due to unresolved tasks within 2 weeks of the due date will lead to:

- ☐ An interview with the Head Teacher or Deputy Principal and parents/carers.
- ☐ Student at risk of not meeting course requirements, mandatory hours of study or achievement of outcomes at their current Stage of learning.

Illness / Misadventure Appeal Process

Planned Absence	Unexpected Absence
<p>The student MUST:</p> <ul style="list-style-type: none"> ▪ inform the teacher <u>at least one week in advance to discuss an alternative arrangement.</u> ▪ seek APPROVAL for the Principal's Leave for extended planned absences (see Principal or Deputy Principal) ▪ submit an Illness/Misadventure appeal form with supporting evidence to explain the nature of the student's absence from the task or failure to submit the task on the due date. The supporting evidence must be independently verified by a medical practitioner or Justice of the Peace, or supervising/organising teacher for school events and commitments. ▪ attempt or resolve the assessment task on their return to school or within the timeframe specified, in accordance with the assessment policy or extension of time if granted. 	<p>The student MUST:</p> <ul style="list-style-type: none"> ▪ inform the teacher as soon as possible, <u>on the day of the assessment task.</u> ▪ submit an Illness/Misadventure appeal form with supporting evidence to explain the nature of the student's absence from the task or failure to submit the task on the due date. The supporting evidence must be independently verified by a medical practitioner or Justice of the Peace, or supervising/organising teacher for school events and commitments. ▪ attempt or resolve the assessment task on their return to school or within the timeframe specified, in accordance with the assessment policy or extension of time if granted.

A student who misses an assessment task through illness or misadventure **MUST comply with the process outlined above. An Illness/Misadventure Appeal approved may result in the student:**

- a) submitting the task at the earliest possible opportunity and being awarded the mark received;
- b) be given a substitute task on return to school;
- c) be given an estimate for the task (only where (a) and (b) are not possible)

Evidence of Dishonesty

Students who are proven to have been dishonest in completion of an assessment task will be **awarded zero for that task**. The task is to be attempted again and submitted.

Plagiarism

All submitted work must be the work of the student. Work copied from other students, books, pamphlets, electronic or digital devices, from the internet, etc. and submitted as 'original' pieces or the student's own work, will be given **zero due to malpractice**. Students should ensure that they reference their work appropriately to acknowledge the original source. The student may be required to attempt the task again. Please read the **Academic Integrity Policy** at the back of this handbook for more information (Appendix A).

Student Appeal

Any student who feels that they have been treated differently to other students, or that a mistake has been made must bring this to the attention of their **classroom teacher as soon as possible**. Any student who feels that assessment procedures were not followed may make a **formal appeal in writing to the Head Teacher of Secondary Studies**.

Satisfactory Completion of Course Requirements

During the courses of study, students will be given many tasks that are designed to increase knowledge and skills of the course material. It is important that all of these tasks are completed to the best of the student's ability in order to obtain maximum benefit from the courses. Only some of the tasks that students complete will be assessable but it is a requirement to complete all set work including homework; and submit it to the teacher on the due date.

Students must demonstrate their satisfactory effort and achievement.

Satisfactory Attendance Record

Students who have an unsatisfactory attendance record run the risk of not meeting course requirements. Students who are likely to be absent from school for a significant period of time because of illness, injuries, etc. must notify their Year Adviser. Where possible, 'catch-up work' will be set in order for students to satisfactorily complete all course requirements.

REPORTING

What is Reporting?

Reporting is the process of identifying, gathering and interpreting information about student achievement and progress gained from the assessment process.

What is the Purpose of Reporting?

The purpose of reporting is to support teaching and learning by providing feedback to students, parents and teachers. Students' learning achievements and progress are also reported to other schools and to employers.

At Bulli High School students will receive a level of achievement as outlined below:

Level	General Performance Descriptors
Outstanding	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to the new situations.
High	The student has a thorough knowledge and understanding of the content and a high level of competence in the process and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
Sound	The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
Basic	The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.
Limited	The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.
Not demonstrated	The student has not demonstrated the knowledge and understanding necessary to make an assessment of the competence in this course.

It should be noted that a student working at their expected level for their age will be expected to gain outcome of "sound".

Reporting Dates

Bulli High School reports on 7-10 students three times during a school year:

- Semester 1 Reports – End Term 2
- Semester 2 Reports - End Term 4

These are anticipated dates and may vary due to unforeseen circumstances. Actual dates will be published in the school newsletter at the time of issue.

Satisfactorily Completed Course Requirements

You will be considered to have satisfactorily completed a course if, in your Principal's view, there is sufficient evidence that you have met the following course completion criteria:

1. Followed the course developed or endorsed by the Board
2. Applied yourself with diligence and sustained effort to the set tasks and experiences provided in the course by the school
3. Achieved some or all of the course outcomes.

***It is unlikely that you will be able to satisfactorily complete the course if you do not attend all classes regularly because you will not have followed the course or applied yourself with diligence.**

ASSESSMENT POLICY FOR Stage 4 - YEARS 7 & 8

STUDENT RESPONSIBILITIES

1. It is a requirement that each student satisfactorily complete each course in which they are enrolled. In order to do this, students are required to demonstrate that they have:
 - ☐ Followed the course which has been developed by NESAS & BHS
 - ☐ Applied themselves with diligence and sustained effort to set tasks and experiences provided in the course and,
 - ☐ Achieved some or all of the course outcomes.
2. Each student is required to make a serious attempt of all tasks which are set out in the assessment program of each course. This includes all oral assessment tasks.
3. Students must present their own work at all times and submit all tasks by the due date. See Appendix A for the School's Academic Integrity Policy.
4. In courses where students are required to submit a major project for assessment they must:
 - ☐ Show consistent progress over a period of time.
 - ☐ Provide all supporting evidence of where they obtained their information or carried out their work
 - ☐ Maintain a log or process diary detailing the progress of the project.
5. In the event of a student failing to complete a set task on the due date, they must complete an application for Accident/Misadventure/Illness/Special Circumstances following the procedures. Appendix B sets out a summary of the procedure to be followed. The relevant Faculty Head Teacher will consider the request and determine whether:
 - An estimate based on all other assessment tasks be given
 - A substitute task be set and completed
 - An extension of time be granted
 - A mark of zero be given
 - A non-attempt be awarded and an Academic Warning be issued.
6. Students will receive a ZERO mark for tasks which:
 - are not their 'own work'
 - have not been submitted on the due date
 - have not been exempted by the process above.
7. Students must make a genuine attempt at completing assessment tasks which contribute in excess of 50 of the available marks. Students who do not meet this requirement will be deemed to have not completed the course.

8. If a student decides to question the grading or mark awarded, a request must be made to the course teacher, in **writing**, within **two days** of the task being returned.
9. Students are required to complete non-assessable tasks as determined by their teachers. Non-compliance with this requirement may result in the student not having satisfactorily completed the relevant course.
10. Bulli High School will inform students and their Parents/Carers in writing concerning non-completion of courses.
11. Students must follow the procedures set out in the "Examination Rules" (Appendix A) in relation to their conduct during examinations. Failure to follow these rules will, in the case of a serious or repeated breaches, lead to students being removed from the examination and awarded 'zero'.

TECHNOLOGY USE FOR ASSESSMENT TASKS

1. Assessment tasks should be presented in 'hard copy' (printed copy or hand-written) **unless specifically requested by the teacher.**
2. Submission of assessment tasks by email will only be allowed with express **permission of the teacher setting the task and/or students will be notified on the Task Notification Sheet.**
3. If the task requires electronic submission or by its nature must be submitted in digital format (e.g. a PowerPoint presentation, webpage etc.), **students are responsible for keeping a backup copy of the entire task.**
4. Students who hand in their task on an electronic storage device **must demonstrate to the teacher prior to the task due date, that the file can be opened and read** by the computer to be used by the teacher.
5. **Students are responsible for any printing required for tasks prior to the date and/or period the task is due.**
6. **Technology malfunction on the due date of a task will not be considered for an appeal.** Students are responsible for ensuring they have a copy of their work or draft work. Students are able to access a range of products and services available before school, during class and break times, such as desktops, email or cloud-based programs, and printer. **Students are advised to access these products and services at school if there are issues with technology at home.**

STUDENT APPEAL PROCESS

1. Accident, Illness and Misadventure

- a) If a student believes that their performance in an assessment task has been affected by illness or an unforeseen accident or misadventure they may appeal to the relevant Faculty head Teacher.
- b) Students may also appeal if an accident/illness and/or misadventure prevents them from attending an examination. Failure to attend an examination is serious. The School must be informed at once if a student is unable to sit for an examination. (Parents/carers should ring the front office and ask for the message to be passed on to their teacher.)
- c) Misadventure appeals include incidents which are outside the students' control but which allegedly affect performance in an examination or the ability to submit an assessment task.

2. Special Circumstances

If a student knows that an assessment task is due when they will be absent from school due to "Special Circumstances", (e.g. representative sporting commitments/performing arts festivals, work experience etc.), then the student must lodge an appeal at least **two days prior** to their departure, via their teacher to the Faculty Head Teacher.

It is a school expectation and policy that students can and will submit hand-in tasks the day before or prior to departure time for excursions, other school commitments or appointments, scheduled on the due date of such assessment tasks.

3. The Appeals Process Does Not Cover

- a) Matters relating to long term loss of preparation time.
- b) Matters that could have been avoided e.g. misreading a timetable, missing a bus, misreading the due date etc.
- c) Long-term illnesses such as glandular fever, anxiety attacks or similar unless there is a "flare up" during the time.
- d) Technology failure such as printer malfunction, internet failure, etc. (See previous page - 14)

4. Evidence

Students must be able to provide evidence that clearly identifies the disadvantage experienced.

Supporting evidence must include:

- a) A detailed statement by the student explaining how they have been affected.
- b) A detailed medical certificate with dates as well as a statement of how their performance had been affected. In the case of misadventure a statutory declaration should be provided with dates and times.
- c) Any other evidence the student believes to be appropriate.

Note: Submission of a Medical Certificate does NOT mean that an Appeal will be automatically upheld.

5. Time Frame for Lodging an Appeal:

Appeals relating to:

Assessment Tasks	Your teacher must be notified on or before the due date. Written evidence must be supplied within one week of the due date.
Written Examinations	Your teacher must be notified on the day of the examination. Written evidence must be supplied within one week of the last examination.

Note: Appeals lodged outside these times will only be considered by the Faculty Head Teacher in EXCEPTIONAL cases. Appeals lodged AFTER the marks or grades are issued will NOT be considered in ANY CIRCUMSTANCES.

COMPLETION OF YEAR 7 COURSE

The school is required to warn students and their Parents/Carers in writing and allow sufficient time for the student to correct the problem which has placed them at risk. In general, a student will receive three warnings.

What are Academic Concern notifications?

Students must be 'satisfactory' to complete the Stage 4, Year 8 course. Students who do not comply by completing course work (class tasks) or (assessment tasks) may be at risk of being 'unsatisfactory' in their course.

Teachers are responsible for reminding or alerting students to their unsatisfactory status, but it is the student's responsibility to ensure they resolve tasks to rectify the situation and become satisfactory by following the teacher's instructions on Academic Concern notifications.

Academic Concern notifications may be issued for Malpractice, Integrity concerns, Plagiarism, Non-diligent Attempt at coursework and assessments.

FIRST WARNING OF ACADEMIC CONCERN:

This Academic Concern notification will be issued by the Class Teacher.

The Class Teacher will explain the reasons for the warning and indicate what has to be done to correct the situation.

Parents/Carers will be informed in writing.

SECOND WARNING OF ACADEMIC CONCERN:

This Academic Concern notification indicates that the student must speak immediately with his /her class teacher and make every effort to correct the problem.

The Head Teacher may contact Parents/Carers who may be asked to attend an interview.

CONTINUED OR FURTHER CONCERN:

If the Academic Concern Warnings have not been resolved, the student will be notified and/or interviewed by the Head Teacher and/or Deputy Principal, who will explain what actions, if any, the student can take to meet requirements.

The Deputy Principal will notify Parents/Carers.

MANDATORY COURSE: YEAR 7 TECHNOLOGY MANDATORY						KLA: TECHNOLOGIES		
ASSESSMENT SCHEDULE: 2024								
Name of Task	Task 1: Taste of Technology	Task 2: Show Me The Money	Task 3: Cool BBQ Tool	Task 4: Grow & Thrive	Task 5: Time To Code	Task 6: Yearly Examination	Weighting	
Task Description	An introductory unit focusing on teamwork, digital literacy & citizenship, WH&S and the nuts and bolts of file formats and digital storage systems. This unit also introduces students to the range of concepts covered in the Technology context of the curriculum.	Students design, research, produce and evaluate a functional money box using a variety of materials. This unit of work may also incorporate the use of Adobe Photoshop and Illustrator using digital technologies to design and create imagery/ branding to apply to the project using laser cutting or CNC technology.	Students complete a practical based task focused on understanding safe workshop practices to apply processes and skills to produce a functional BBQ tool. This unit is primarily a metalworking unit of work and provides students with the opportunity to learn to use a range of tools and machines.	Students research ideal food growing conditions then design a plant growing system and grow a plant for use in a recipe. Students also engage in basic cooking experiences, preparing, producing and presenting a variety of recipes.	Students complete a series of design tasks to produce a basic coding sequence to navigate Sphero Balls. The unit culminates in student teams completing a challenge to navigate the robot through a set obstacle course.	Online annual review and examination requiring students to complete multiple choice, true or false & short response questions. This unit’s mark does not go towards the final mark. This mark may be used to differentiate when determining grades and ranks.		
Proposed Date	Term 1 Weeks 1 - 8	Units 2, 3, 4 and 5 are 8-week units delivered on rotation throughout Terms 1-4. Unit order will vary from class to class, however all classes complete units.				Term 4 Examination Period		
Enrichment Opportunity	Enrichment and extension opportunities are embedded in each of our assessment tasks with the opportunity for all students to engage in enrichment STEM and ARTS tasks. Throughout Year 7 students may elect to participate in the F1 in Schools global STEM challenge as an extra curricula enrichment & extension activity.

Appendix A: BHS Academic Integrity Policy

School Responsibilities

- ☐ Provide students with assessment guidelines
- ☐ Provide advice for students on avoiding plagiarism, collusion and collaboration
- ☐ Provide guidance on referencing required
- ☐ Ensure that students are instructed on the academic skills required in all courses
- ☐ Ensure that all students have an understanding of the Academic Integrity Policy
- ☐ Ensure that pertinent school publications (printed and electronic) have statements that:
 - State clearly that plagiarism and collusion are not acceptable;
 - Provide comprehensive rules on what constitutes collaboration;
 - Provide rules and guidelines on group work and assessment
- ☐ Implement suitable procedures on penalties
- ☐ Provide an appeals process
- ☐ Maintain records of academic misconduct
- ☐ Malpractice, Invalid or Unreliable Tasks are referred to The Senior Review Panel. The Panel will determine the procedure to be implemented that may include an alternative task. Malpractice is recorded on the NESA Administration site.

Student Responsibilities

- ☐ Must read, understand and respect the Academic Integrity Policy and rules concerning academic integrity
- ☐ Ensure understanding of the referencing requirements for courses
- ☐ Ensure that original work is submitted, without plagiarising or cheating
- ☐ Understand all aspects of Assessment guidelines
- ☐ Avoid all undertakings that could be considered instances of academic dishonesty

Procedures and Penalties for Suspected Plagiarism and/or Collusion

'Plagiarism is when you pretend that you have written or created a piece of work that someone else originated. It is cheating, it is dishonest, and it could jeopardize your exam results.

(NESA, HSC Assessments and Submitted Works, Advice to Students, 2006)

'Collusion occurs when two or more people work secretly for the purpose of deliberately misleading others'
(NESA, All My Own Work, 2006)

- ☐ When a staff member detects alleged plagiarism by a student, it must be reported to the Head Teacher
- ☐ The Head Teacher and member of staff must make an assessment of whether the alleged plagiarism is either;
Intended or Unintended plagiarism

Actions to be followed when:

1 Intended Plagiarism is detected:

- ☐ Review whether the student has received a previous written warning
- ☐ Compare the extent of the plagiarism with the student's original work
- ☐ Review how it will adversely affect other students
- ☐ Counsel the student by explaining the appropriate referencing guidelines and going through this policy with them.

2 Where the nature of the plagiarism is *not* considered very serious:

- ☐ Issue a written warning which refers to the consequences of any further actions of this nature
- ☐ The Head Teacher may also take the following action:
 - ✓ Student must re-submit the work
 - ✓ Student must re-submit another form of assessment
 - ✓ Give the student a fail mark

3 Where the nature of the Plagiarism *is* considered very serious:

- ☐ Refer the matter to the Principal, who may:
 - ✓ Issue a written warning which refers to the consequences of any further actions of this nature
 - ✓ Ask the student to re-submit the work
 - ✓ Ask the student to re-submit another form of assessment
 - ✓ Give the student zero marks for the work

Appeals Process

- ☐ A student may appeal against the Assessment and/or actions taken in cases of Plagiarism or Collusion
- ☐ The Appeals Committee will consist of: at least two of the Principal, Deputy Principal, Head Teacher (Secondary Studies) and Year 7 Adviser
- ☐ The student must apply in writing to the Principal
- ☐ The Appeals Committee will confirm or vary any recommendations that were originally made
- ☐ The student will be notified in writing of the Committee's decision and their reasons for their decision

Appendix B: BHS Examination Procedures

Formal examinations held in the school hall or other locations are an important part of the school's assessment policy.

Students are expected to conduct themselves in an appropriate manner. It is assumed that students will not cheat or disrupt others during the progress of an examination.

Students who breach the code of conduct by displaying disruptive, unco-operative or inappropriate behaviour will be warned. If the behaviour continues, they will be issued with a red card and will be isolated from the examination. The student may receive zero for the examination.

Students found to be cheating will receive zero for their examination.

Before the Examination:

- ☐ Check your timetable carefully. Misreading the timetable is not a reason for a misadventure appeal.
- ☐ Ensure that you allow sufficient time for travelling to the examination centre. Late arrival due to travel difficulties is not a reason for a misadventure appeal except under extreme circumstances.
- ☐ Ensure you have the appropriate equipment before your examination. You will not be permitted to borrow equipment during the examination.
- ☐ Carry your equipment in a clear plastic bag. You will not be permitted to use a pencil case.
- ☐ Do not bring mobile phones into the examination room. Using mobile phones during an examination (even if you have finished and even if you are just playing games) will result in a zero mark being awarded for the examination.
- ☐ Do not take paper or other written material into the examination.
- ☐ Bags for personal items must be left at the back of the room.

During the Examination:

- ☐ Enter the examination hall only after instructions from the supervisor.
- ☐ Sit in your allocated seat quickly.
- ☐ Do not touch/open the examination paper until instructed.
- ☐ Complete the attendance slip and place in the top right-hand corner of your desk.
- ☐ Reading time is provided for all examinations. You must not write in this time.
- ☐ Write your name or student number on all examination papers.
- ☐ Once the examination has commenced, you will not talk or communicate with other students in the class room/hall.
- ☐ If you need to go to the toilet, raise your hand and wait for the permission of the supervisor.
- ☐ You will not be allowed to leave any examination before the end of the allocated time for that examination. If you finish early, sit quietly, check your paper and wait.
- ☐ At the end of the examination, check you have written your student number at the top of each page used; bundle your papers together neatly.
- ☐ Wait quietly until you are instructed to leave.
- ☐ Do not remove any papers from the examination room.

Appendix C: Honesty in Assessment

Bulli High School treats honesty very seriously and we follow the guidelines set out by NESA:

The honesty of students in completing assessment tasks, examination and submitted works, and of teachers and others in guiding students, underpins the integrity of the Higher School Certificate. Throughout the assessment process, the highest level of honesty is required.

Each student's mark will be determined by the quality of the work produced by the student only. To demonstrate honesty, any component of a student's work that has been written, created or developed by others must be acknowledged in accordance with NESA's subject specific documentation. Use or inclusion of material from other sources such as books, journals and electronic sources, including the internet, must be acknowledged. General teaching and learning do not require formal acknowledgement.

Dishonest behaviour carried out for the purpose of gaining unfair advantage in the assessment process constitutes malpractice, or cheating. Malpractice in any form, including plagiarism, is unacceptable. Should malpractice be suspected, students will be required to demonstrate that all unacknowledged work is entirely their own. Serious and deliberate acts of malpractice amount to corrupt conduct and, will be investigated and reported by the School Executive.
