It is important to remember that NAPLAN is not about passing or failing, but about assessing learning progress. At the classroom level it is one of a number of important tools used by teachers to measure student progress.

If your child is sitting the NAPLAN paper tests in 2018, you can read more about the tests by clicking this link: [NAPLAN 2018 information brochure for parents and carers](#)

For students wanting to revise past tests and familiarise themselves with the tests, you can access a full set past papers by clicking this link: [example tests](#)

Bulli High School teachers continue to engage all learners in core literacy and numeracy skills every day and in every lesson. We encourage students to maintain their focus on learning in the classroom as we believe this is the most effective way students will be developing these core skills.
